Just got off the phone with Marc...He suggested using a range, including the PECs and TECs. I went ahead and added a column with the TECs since we already had the PECs in the table.

Marc,  
We are using the consensus based PEC values in Table 3 on p 24. OK?

Hi All,

I just spoke with Deb and recommend that you use the attached consensus-based sediment quality guidelines for freshwater as screening values.

Be safe out there!  
Marc
